Building on seven workshops and fifteen public meetings in the past year, this public CALFED meeting will provide CALFED an opportunity to hear your views on the range of Phase II Alternatives and issues to be considered during Phase II analysis.

If you have not already received a copy of the Workshop 7 packet or the July 19th Bay Delta Advisory Council packet containing a description of the Phase II Alternatives, please call us at (916) 657-2666 for a written description of the alternatives.

In order to accommodate everyone who will likely want to speak, we ask you to limit your comments to approximately three minutes.

The numbered blocks indicate parking lots. Two-hour metered parking (quarters only) is available on the street, but it can be difficult to find a free space.
